

THE COALITION
FOR HEALTHY SCHOOL FOOD

2023 *House of Commons Petition*

Let's give our students a
National School Food Program!

This month, we ask Canadians to
join the worldwide movement
and ensure that Canada
implements a National School
Food Program!

Together, we can improve the
health and wellbeing of
children and youth in Canada
today!

We're calling you to sign the petition and help us
tell our federal government that we want to
#NourishKidsNow!

The federal government has committed to implementing a
national school food policy and school food program.

Now its time for them to act!
