

Notice of Erratum

Wednesday June 7, 2006.

Staff of the Nova Scotia Food Security Projects would like to note an error made in the recently released ***Building Food Security in Nova Scotia Through Participatory Food Costing: 2004/05 Food Costing Update***. The correct average cost of the National Nutritious Food Basket for a reference family of four in MEGA/SUPERSTORES is \$606.20/month (page 9) *not* \$617.42. We apologize for this error.
